

2017 AFTER SCHOOL SPORT INFORMATION

Netball, Football, Soccer, Cricket, Basketball

Dear Parent/Caregiver,

After School Sport is supported by the school, but it is the responsibility of parents to ensure these programmes are able to proceed successfully. It is essential that each sport has a Co-ordinator and we cannot form teams without one. If you are interested in taking on a Co-ordinator role this year, either by yourself or in shared capacity, please contact me for more information. Basketball, Football and the Sports Canteen all need co-ordinators at this stage.

If you have a child in years 4 – 7 who is interested in playing Cricket, please write this on the form, but be aware that we cannot field a cricket team if we don't have enough players. It would be great to field a Reynella Cricket team this year, but due to the uncertainty, we won't take deposits for cricket. We are able to provide information for younger children to participate in Kanga Cricket, Therese Artis has volunteered to take on the Cricket Co-ordinator Role to organise this.

To enable preparation for each season, we need to know the number of students wishing to play each sport as well as the number of parents willing to assist with coaching, management and co-ordination of these teams. Without volunteers to fill these important roles, it is likely that some sports/teams will be unable to proceed. Each team must also have a Coach and it is beneficial if it has a Team Manager as well.

Each sport has a cost component which covers registration, trophies, umpires, equipment, uniforms, affiliation fees and incidental expenses. To assist you and your child in your decision about which sports you may be able to be involved in, we have included some information based on 2016. This information may change, but it will give you a good indication as to how each sport operates and what is required of players and parents.

We spend a lot of time ensuring all players are evenly and fairly placed in to the teams we register each season. Our aim is to have a maximum number of players for each team to avoid players having to be rostered off or subbed frequently. We also spend time finding coaches and managers for each team. Due to the time and effort required for this initial process and the fact that the number of players in each team is only mildly flexible, it is a major issue when players decide to pull out prior to or during the season. Therefore, with the **exception of cricket**, we require a \$20 non-refundable commitment to play fee, per player for **each sport** they wish to play. This \$20 will be debited from the players Registration Fee, so is not an additional cost and will be refunded in full if a team isn't formed for any reason.

Team numbers will be capped and each team will be filled in the order that the forms are received. When each year level team is filled, a waiting list will be created and the co-ordinator will make every attempt to find enough players to fill another team.

If you would like to register your child for an After School Sport team, **please complete the attached Commitment to Play Form, enclose the \$20 non-refundable fee per player** (except for cricket) and return it to the front office Drop 'n' Go ASAP and by **Friday of Week 3, 17 February** at the latest.

If any player is not placed in a team, this deposit will be refunded in full.

Please strongly consider volunteering for a co-ordinator or coach role this year.

If you have any questions about any of our After School Sports or would like to find out more about co-ordinating, coaching or managing, please contact me via email kay.starczak522@schools.sa.edu.au or phone me at the school on 8381 1493.

Thank you for your support,
Kaylene Starczak
Business Manager

Reynella After School Sport Information Sheet

REGISTRATION FEES charged by the school cover the cost of training and game day equipment, replacement of uniforms (where applicable), end of season trophies, replacement of uniforms when necessary, Criminal History Checks for Coaches and Managers, Coaching Clinics and Registration to the relevant leagues/associations. These costs vary between sports, thus explaining the difference in Registration fees charged by the school. **TRAINING** for all teams is generally straight after school, using school facilities. Actual training days are set by the coach of each team. NB: **Mouth guards are essential** for Football and Soccer, optional for Basketball and Netball at the parents cost.

SPORTS CANTEEN

CO-ORDINATOR *** Position Vacant ***

The Sports Canteen is opened when there are home games of football &/or soccer, during terms 3 and 4. It is a great service to both our school community and also the visiting teams. The profits are used to subsidise our football & soccer player fees. It is an **expectation that ALL PARENTS** of soccer and football players will volunteer for this roster.
