*Building a community that develops successful learners, people and citizens*

## Site Improvement Plan 2018

### Creating a Culture of Thinking at Reynella Primary School

*Students influence learning in and beyond the classroom.*

*Students have their thinking challenged and stretched.*

*Higher band achievement is attained and sustained.*

#### ***Our strategic actions:***

#### Teaching & Learning

Teachers work alongside inquiry-based learning experts to deliver a balance of teacher-directed and inquiry-based instruction.

Learning communities track, monitor and respond to student achievement data.

Professional Learning Teams focus on creating a culture of thinking through a cycle of inquiry, observation and feedback.

Literacy support teacher coordinates and facilitates the implementation of Big Write and VCOP programs across the school and continue to support teachers with Reading.

Teachers work alongside senior leader, utilizing STEM resources to facilitate a Design Thinking approach.

All staff foster successful learning dispositions through a collective approach to our 'mindsets for learning'.

Unexplained absences and/or lateness are responded to promptly to improve attendance and punctuality.
